

504 Series

This sign series was used for a refurbished hotel in "The Big Easy".

We used European Gold for the substrate, with 1/32" raised 734 Brushed Gold border and 401 Black text.

For the conference rooms, we created 4-ply window signs that hold an 8.5 x 11" paper insert.

Oval room numbers and the gold accents on the building's signs and the hardware really complimented the design and NOLA architecture.

These signs would also work well using any of our standard materials, including 354 Brushed Aluminum back with 374 raised border.
